POOL MAINTENANCE

Swimming pool cleaning process @ Malaiwana

Pool Care have to clean the debris and conaminants our of your **Hayward DE Filter**. This process can be done at 3 levels:

1. By backwashing the filter
2. By extracting and cleaning the grid assembly
3. By extracting and cleaning each grid in the assembly

For the most thorough cleaning, pull the Grid Assembly and take it apart to wash down each Grid individually. This third level of cleaning is generally done at the end of the season. At this moment estimate time for cleaning and clear all 15 units in July and August then polls monthly report will be recored from the first week of August 2017 till the end of the month including chemical balance is processing

POOL INSPECTION

SWIMMING POOL INSPECTION VILLA H

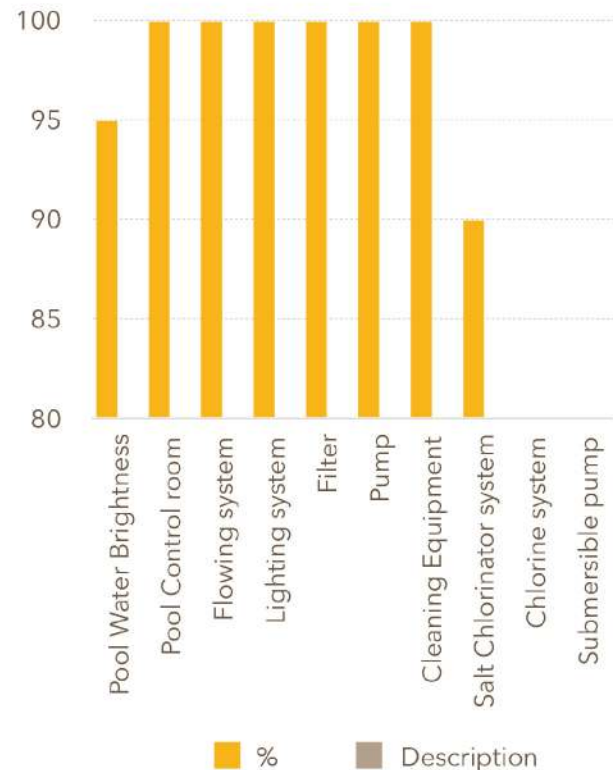

The Residential Swimming Pool Inspection Report is a helpful tool for documenting pool inspections. Report show how pool equipments are working and show which one having a problem. System check is very important normally all have to be check every month to safety reason and longer use of the pool Ep.

ACTUAL SUMMARY

- Pool Water Brightness
- Pool Control room
- Flowing system
- Lighting system
- Filter
- Pump
- Cleaning Equipment
- Salt Chlorinator system
- Chlorine system

POOL INSPECTED REPORT

POOL INSPECTION

SUMMARY BY CATEGORY

Category	%	Description	Status
Pool Water Brightness	95	Need more adjust added salt 2 sacks	
Pool Control room	100	System running as normal	
Flowing system	100	System running as normal	
Lighting system	100	System running as normal	
Filter	100	Filtration water bright need to fix pressure gauge	
Pump	100	Pump running as normal	
Cleaning Equipment	100	Some of the cleaning haven't seen all of the them.	
Salt Chlorinator system	90	Need more adjust added salt 2 sacks	
Chlorine system			
Submersible pump
